

LINDERS

THE INTELLIGENT ALTERNATIVE

Great sales and service departments

“Linder's provides a no nonsense, no pressure sales team. You can literally make a deal in less than an hour. There is no haggling, the price is the price. At least you know you pay the same as anyone else would pay. I've bought new cars and with all the sales tactics it takes hours and hours to make the deal and then you leave thinking "did I get a deal?" The service department is always very pleasant and they do provide loaner cars. The comfortable waiting room with free coffee and snacks is a big plus. Other dealers should take a lesson from Linder's on how to treat customers both in sales and service.”
